FOR IMMEDIATE RELEASE

BUCYRUS HIGH SCHOOL TO HOST BLOOD DRIVE

BUCYRUS, OH (Sept. 7, 2010) – The Bucyrus High School Science Club will be hosting a blood drive on Tuesday, Sept. 14, from 7:45 a.m. until 1:45 p.m. in the middle school gymnasium. If you last donated on or before July 20, 2010, you may be eligible to donate. Students wanting to donate must be at least 16 years old with parental permission and a valid ID or donor card.

The Science Club is excited about the upcoming event and hopes members of the community will also come out and support. “Our goal for the year is 200 units of blood,” said Science Club Advisor Amanda Kent, “every bit helps.” Raising these units of blood will enable the club to give away two scholarships to students who donated or helped run a blood drive throughout the year.

To schedule an appointment, contact Amanda Kent at (419) 562-7721 ext.1208, or call 1-800-RED CROSS. Those interested can also register online at www.redcrossblood.org and use the sponsor code “bucyrushs.” Walk-ins are also welcomed. Participants in the blood drive will be entered into a drawing with a chance to win Ohio State Football tickets. You can make a difference. Help a save a life!
