**FOR IMMEDIATE RELEASE**

**BUCYRUS SCHOOLS PARTICIPATE IN UNITED WAY CAMPAIGN**

**BUCYRUS, OH (Oct. 11, 2010)** – The Bucyrus City School District is excited to support the efforts of the United Way Campaign for a second year in a row. Last year, thanks to contributions from students and staff alike, the District was able to raise more than their original goal of \$2,000. Although the school is thrilled with last year's results, they hope to see an increase in donations for this year's campaign. Again, teachers and students are being asked to contribute with this year's goal being \$2 a teacher and \$1 per student.

In order to help reach this goal, both the Elementary and the Secondary Schools are participating, but with their own twists. The Elementary school is holding a penny drive Oct. 7-15, with the top class receiving a treat, while the Secondary School's Student Council is selling "Redmen Wishes" during the students' lunch hours Oct. 6-15, with classes earning spirit points. All proceeds will go toward the United Way whose mission is to "improve lives by mobilizing the caring power of communities around the world to advance the common good."

For more information about what you can do to support the United Way or ways which you can donate, contact Amy Plumley or Mike Colon at 419-562-7721 or the Elementary office at 419-562-6089. Those interested in the program can also visit, <http://liveunited.org/>, for more information. Give, Advocate, Volunteer; Live United!
